REPLACEMENT MODEL 72 STRAINER BASKETS

For Model 72 Simplex Basket Strainers

AUSTRALIAN MANUFACTURED BY MONARCH

Original Specification Replacements or Heavy-Duty Options

Monarch manufactures high-quality replacement strainer baskets for Model 72 Simplex Basket Strainers at our Brisbane workshop, providing a practical and reliable alternative to imported replacements.

ORIGINAL SPECIFICATION REPLACEMENT BASKETS

Manufactured to match original basket specifications, including:

- Accurate basket dimensions and seating arrangements
- Stainless steel 304 or 316 construction
- Original perforation sizes or fine mesh filtration ratings
- Lifting handles, support rings and end caps

HEAVY-DUTY REPLACEMENT OPTIONS

When standard construction is not enough.

Reinforced basket designs for demanding industrial applications, including:

- Increased perforated plate thickness
- Reinforced support rings and ribs
- Additional base and handle strengthening
- Heavy-duty welded construction
- Custom designs for higher differential pressures

MATERIALS & FILTRATION OPTIONS

Materials
304 and 316 stainless steel, with alternative materials on request.

Perforated Baskets
Standard and custom perforation sizes to suit the required particle removal.

Fine Mesh Baskets
Stainless steel woven wire mesh liners supported by perforated metal, with filtration ratings selected to suit the application.

WHY CHOOSE MONARCH?
